

## **RESPONSE TO REQUESTS FOR MEDICAL INFORMATION RELATIVE TO FOOD PRODUCTS**

With increasing frequency over the past few years, we at Maschio's have received various requests from parents and other interested persons relative to both the ingredients of the food products which we prepare and serve and the medical significance of those food ingredients.

Most of these requests for such information have come from interested parents who understandably are concerned about a medical condition which a child may suffer from and the impact that diet and nutrition may have on that medical condition.

We at Maschio's, of course, would like to assist those inquiring parents to the maximum extent that we can, but we are constrained to advise that there are significant limitations on the responses that we can furnish.

First, we do not independently perform testing with respect to the ingredients of the food products which we prepare and serve nor are we required to by the terms of the Agreement which we enter into with your school district.

The only source of any information that we are able to provide relative to the ingredients of the food products which we prepare and serve is literature which may be furnished to us by the manufacturer or supplier to Maschio's of the involved food product and that information is not independently verified or checked by Maschio's and may or may not be accurate.

Accordingly, although in limited cases we may be in a position to furnish information about the ingredients of the food products which we prepare and serve because that information has been supplied to us by our suppliers, we are not in a position to affirm the accuracy of that information or even to suggest or recommend that it be relied upon by parents.

Second, we, of course, cannot provide medical or nutritional advice regarding the food products which we prepare and serve and accordingly we are not in a position to provide any opinions or conclusions regarding the impact, adverse or otherwise, which any such food product may have on the existing medical condition of a child.

We, of course, will be pleased to provide any interested parent with copies of the menus for the meals which we prepare and serve, but we are not in a position to present any opinions or conclusions regarding the interaction or impact which any of the food products which we prepare and serve may have on the existing medical condition of a child.

Any such medical opinion or conclusion will have to be secured from a physician or another skilled and knowledgeable professional, the professional services of whom are beyond the scope of the service which we provide to your school district.

We at Maschio's, of course, remain committed to providing safe and nutritious meals for your children and we look forward to continuing to cooperate with representatives of your school district and parents to achieve that objective.

 Nutrition Labeling & Regulatory Compliance  
 Kellogg Company

**Product Formulation Statement for Documenting Grains  
in Child Nutrition Programs  
(Crediting Standards Based on Grams of Creditable Grains (ounce equivalents))**

Child Nutrition (CN) Program Operators should include a copy of the label from the purchased product package in addition to the following information on letterhead signed by an official company representative. CN Program Operators have the option to choose the crediting method that best fits their specific needs for menu planning.

Product Name: Honey Grahams 3ct

Code No.: 30100 91822

Manufacturer: Kellogg Company

Serving Size: 1 pkg (0.78 oz) (22g)  
(raw dough weight may be used to calculate creditable grain amount)

**I. Does the product meet the Whole Grain-Rich Criteria:** Yes X No    

**II. Does the product contain non-creditable grains:** Yes     No X **How many grams:**      
(Products with more than 0.24 ounce (oz.) equivalent (eq.) or 3.99 grams (g) for Groups A-G or 6.99 g for Groups H and I of non-creditable grains may not credit towards the grain requirements for school meals).

**III. Use Exhibit A: Grain Requirements for Child Nutrition Programs in the FBG to determine if the product fits into Groups A-G (baked goods), Group H (cereal grains), or Group I (RTE breakfast cereals).** (Different methodologies are applied to calculate servings of the grain component based on creditable grains. Groups A-G use the standard of 16g creditable grain per oz eq; Group H uses the standard of 28g creditable grain per oz eq; and Group I is reported by volume or weight.)

**Indicate to which Exhibit A Group (A-I) the Product Belongs:**   B  

Description of Creditable Grain Ingredient*	Grams of Creditable Grain Ingredient per Portion <sup>1</sup> A	Gram Standard of Creditable Grain per oz equivalent (16g or 28g) <sup>2</sup>	Creditable Amount
		B	A ÷ B
Whole Wheat Flour, Enriched Wheat Flour	16	16g	1
<b>Total Creditable Amount<sup>3</sup></b>			<b>1</b>

\* Creditable grains vary by CN Program. See the FBG for specific Program requirements.

<sup>1</sup> (Serving size) X (% of creditable grain in formula). Please be aware that serving sizes other than grams must be converted to grams.

<sup>2</sup> Standard grams of creditable grains from the corresponding Group in Exhibit A.

<sup>3</sup> Total Creditable Amount must be rounded **down** to the nearest quarter (0.25) oz eq. Do **not** round up.

Total weight (per portion) of product as purchased 0.78 oz (22g)

Total contribution of product (per portion) 1 oz. eq.

I certify that the above information is true and correct and that a 0.78 ounce portion of this product (ready for serving) provides 1 oz. eq. grains. I further certify that non-creditable grains are not above 0.24 oz eq. per portion. Products with more than 0.24 oz. eq. or 3.99g for Groups A-G or 6.99 grams for Groups H and I of non-creditable grains may not credit towards the grain requirements for school meals.
