

### RESPONSE TO REQUESTS FOR MEDICAL INFORMATION RELATIVE TO FOOD PRODUCTS

With increasing frequency over the past few years, we at Maschio's Food Services, Inc. ("Maschio's") have received various requests from parents and other interested parties relative to both the ingredients of the food products we prepare and serve, and the medical significance of those food ingredients. Most of these requests for such information have come from interested parents/guardians who are concerned about their child's medical condition and the role that diet and nutrition plays.

We are pleased to assist inquiring parties to the maximum extent that we can, such as providing copies of our menus for the meals we prepare and serve. Please note, however, there are limitations on the responses that we can furnish. Below are several of Maschio's guidelines that may be helpful.

- Maschio's does not independently perform ingredient testing for the products we prepare and serve, nor are we required to by the terms of the agreement between Maschio's and your child's school district.
- Maschio's is happy to provide literature furnished by food manufacturers and/or suppliers we
  work with. To note, this literature is not independently verified and may or may not be
  accurate. Please note that we are unable to affirm the accuracy of that information or even
  suggest or recommend that it be relied upon by parents/guardians, school nurses, and/or
  school district representatives.
- Maschio's representatives are unable to provide medical or nutritional advice regarding the food products we prepare and serve. Accordingly, we are unable to provide any opinions or conclusions regarding the impact any such food product may have on any existing medical condition. Medical opinions or conclusions must be secured from the child's physician or other healthcare professional. These services are beyond the scope of the service which we provide to your school district.

We at Maschio's Food Services, Inc., remain committed to providing safe and nutritious meals for your child(ren) and we look forward to continuing to serve as a partner to keep your children safe.

## **Eggo® Minis Original French Toast**

#38000-80693

3.03 oz. / 72 ct.

Product & Case Images

Case Specifications

Kellogg's® Eggo® Minis Original French Toast make serving up a delicious & fun breakfast easy. These bite-size french toast are individually wrapped and are great for breakfast & lunch delivering at least 33g whole grain per serving. Ovenable single serve packaging for ease of warming or simply thaw & serve. No HFCS. Made with colors and flavors from natural sources. Good source of 7 vitamins and minerals.

GTIN # 00038000806933

Case Ct. 3.03 oz. / 72 ct.

Case Dimensions 19.31"L x 11.81"W x 9.62"H

Case Cube 1.27 CF

Case Gross Wt. 14.92LB.

Case Net Wt. 13.63 LB.

Cases/Pallet 64

Pallet Configuration 8x8 (81.34 CF)

Shelf Life 366 Days

Thaw & Serve: Remove pouches from case and place in a single layer on sheet pan or tray. Thaw at room temperature for 60 minutes; serve within 1 hour of thawed state.

**Convection Oven:** 1. Preheat oven to 350°F. 2. Place frozen pouches, picture side up, in a single layer on baking sheet. Heat for 13-14 minutes.

### Conventional Oven:

1. Preheat oven to 350°F. 2. Place frozen pouches, picture side up, in a single layer on baking sheet. Heat for 18-19 minutes. \*Do not exceed 350°F. Do not allow pouches to contact any interior oven surfaces. Bake times will vary by oven load and type.

### RESPONSE TO REQUESTS FOR MEDICAL INFORMATION RELATIVE TO FOOD PRODUCTS

With increasing frequency over the past few years, we at Maschio's Food Services, Inc. ("Maschio's") have received various requests from parents and other interested parties relative to both the ingredients of the food products we prepare and serve, and the medical significance of those food ingredients. Most of these requests for such information have come from interested parents/guardians who are concerned about their child's medical condition and the role that diet and nutrition plays.

We are pleased to assist inquiring parties to the maximum extent that we can, such as providing copies of our menus for the meals we prepare and serve. Please note, however, there are limitations on the responses that we can furnish. Below are several of Maschio's guidelines that may be helpful.

- Maschio's does not independently perform ingredient testing for the products we prepare and serve, nor are we required to by the terms of the agreement between Maschio's and your child's school district.
- Maschio's is happy to provide literature furnished by food manufacturers and/or suppliers we
  work with. To note, this literature is not independently verified and may or may not be
  accurate. Please note that we are unable to affirm the accuracy of that information or even
  suggest or recommend that it be relied upon by parents/guardians, school nurses, and/or
  school district representatives.
- Maschio's representatives are unable to provide medical or nutritional advice regarding the food products we prepare and serve. Accordingly, we are unable to provide any opinions or conclusions regarding the impact any such food product may have on any existing medical condition. Medical opinions or conclusions must be secured from the child's physician or other healthcare professional. These services are beyond the scope of the service which we provide to your school district.

We at Maschio's Food Services, Inc., remain committed to providing safe and nutritious meals for your child(ren) and we look forward to continuing to serve as a partner to keep your children safe.
